In re: Patent No. 6,310,036
Issue date: October 30, 2001
Application No. 09/227,400
Filed: January 9, 1999

2012 SEP 13 PM 4:17

Dear Examiner Brinkley;

Thank you for returning my phone call. Your advice was very helpful. I believe we have now corrected the informalities in your letter of August 8, 2012, which stated that the petition to revive the '036 patent was dismissed.

The petition was dismissed because of failure to be signed by an attorney. I have signed the petition on page 3 (enclosed) which should correct this informality.

The power of attorney signed by Linda Shecterle is also corrected. The assignor, Dr. David A. Browdie, assigned the patent in 1999 to Last Chance Tissue Adhesive, Inc, (LCTA), but the assignment was not recorded in the USPTO, although it was listed on the patent. It has now been submitted for recordation and a copy of the assignment and the cover letter are enclosed. We also submit a letter from Dr. Shecterle establishing her status as president of LCTA. I believe LCTA's ownership of the patent is now in conformance with 37 CFR 1.378(b).

In your letter you state that all correspondence would be sent only to the previous attorney of record. The now-corrected power of attorney revokes that firm's power of attorney. I apologize for the burden of contacting two parties and thank you for doing so. I am now the attorney of record and correspondence should be sent to me at the above address. Although the former firm has received several communications in this matter, they have never contacted their client, LCTA, which shows even more clearly that their ongoing neglect caused the abandonment of the patent to be unavoidable.

Fees due were sent with the original petition. I enclose a check for \$400 to cover additional petition fees.

I trust that the '036 patent is now in condition for revival from abandonment. Thank you again for your courteous and prompt handling of this case.

Sincerely,

Kathleen R. Terry
